October 2024

3MA Has a New Look, and a New Website!

Over the last few months, 3MA has been working on a complete redesign of our logos and branding. In addition, we have now completed the initial work on our new website, 3mams.org, which is now LIVE! Our new website has a load of new features, including an interactive map of opened dispensaries & licensed practitioners, a Job board where our members can post their open positions and review candidate's resumes, and more! Check it out [here](#).

3MA Educational Seminar - Recording Available Soon

Make sure to check our YouTube Channel this week for a recording of last Saturday's Educational event on Mold and Yeast Mitigation in Cannabis Flower. We were lucky to be joined by some of the largest and most prominent cannabis mitigation and remediation companies in the

country, including RadSource, Willow Technologies, Ziel, XR Pure, and Clean theory. We were also joined by members of the Alchemy Analytics team and members of the MSDH. We want to thank all of our presenters and attendees for joining us.

3MA Green Cup (11/8/24) - Silent Auction Items/Prizes NEEDED!

3MA is seeking donations for our upcoming Green Cup golf tournament to give away to players as prizes. If our members can spare any swag, merchandise, gift cards, etc. to contribute to our tournament, we would be greatly appreciative.

Please contact us at info@medicalmarijuanams.com if you would like to donate.

We also still have team slots and sponsorship opportunities available! Support this event to help raise funds for our efforts to expand access to this program to more Mississippians.

Visit thegreencupms.com to learn more.

NOTE - We have also decided to discount the cost of hole sponsorship for the event to \$250. Hole sponsors will receive signage on specific holes on the course as well as a special thank you during our opening ceremony and on promotional materials.

3MA at the Mississippi State Fair - Volunteers needed!

3MA will be at the Mississippi State Fair inside of the Trade Mart from October 3rd - 13th to promote our "Let's Try Cannabis" Campaign. We are seeking volunteers to help man the booth and speak with attendees about our medical cannabis program. If you or a team member are available to volunteer, please follow this [link](#) to sign up for a date/time-slot.

Cannabis Related News

This section of 3MA's Monthly Leaflet includes interesting articles and news publications from MS and around the country related to cannabis that 3MA has seen from the previous month.

NOTE - These articles and the views expressed within do not necessarily represent the views or opinions of 3MA or its members. 3MA simply wishes to provide resources to our subscribers and members to help keep them informed.

ACTIVE PATIENTS within the program as of 10/1/24

New Altitude Farms - Renewing for 2024

Our family is no stranger to hard work and long hours, having operated our family farm in the hills of north Mississippi for over four generations. For decades, we have grown cotton, soybeans, corn, sweet potatoes, pumpkins, and even Christmas trees.

We are now committed to growing medical cannabis with the same strong work ethic and passion we used to grow our traditional crops. As Mississippians who were born and raised here, our efforts will now be used to provide our neighbors and friends with a safe and effective alternative to standard medicine.

EZ MEDCARD

EZ MedCard - New Member

EZMEDCARD a leading provider of medical marijuana cards since 2020, has joined 3MA and the Mississippi Medical Marijuana Program. With four offices located in Byram, Clinton, Hattiesburg, and Meridian, the company is poised to grow the awareness of the program through educating patients through the certification process. The company has teamed up with local providers to provide efficient and affordable appointments to both existing and prospective patients. EZMEDCARD has developed an incredible reputation in several other medical markets and plans to ramp up their operation in Mississippi over the coming months. The company aims to make the certification process simple, affordable and accessible for the patients of Mississippi.
