Legislative Session 2025

the 2025 Regular Session of the Mississippi Legislature begins Tuesday, January 7th. 3MA is prepared to advocate for positive changes to the medical cannabis program, including:

- **Changes to the MMCEU allotment system.**
- **The addition of Anxiety and Insomnia to the list of Qualifying Conditions.**
- **Removal of 2 Doctor Certification Requirement for 21-25 Year-olds.**

In order to achieve our legislative goals, we *NEED* our members support. If you were a 2024 3MA Member, please consider renewing your membership for 2025. This year will bring about many opportunities for us to make instrumental changes, but we can only achieve these goals if we have the resources to act on those opportunities.
